You must have one person with you to drive you home. Your test cannot be done without someone with you. Please be aware that the physician will speak to your family or friend post procedure unless you specify otherwise.

Please follow the prep instructions given to you by your physician. You must not have anything to eat or drink after midnight, including chewing gum, chewing tobacco, hard candy, etc. Eating or drinking prior to your arrival could cause a delay or cancellation of your procedure.

Prior to the day of your procedure, you should receive a phone call from the hospital preregistration team to verify your insurance and answer any co-pay or deductible questions you may have. If you miss this call and have questions, please call our business office at 205-930-2470 or 205-939-7025.
